

# The Keystone of a Bank is Character

THERE is a structure which every institution builds for itself. It is called character, and every act is a stone in this structure. An institution, in order to have a good character, must think honesty, act honestly, breathe honesty. The people soon determine between the genuine and the counterfeit. They know the ring of the true metal and the base.

On this the whole structure of our bank is based. The increasing business is a guarantee that it is appreciated by depositors. Accounts of companies and individuals solicited. Every facility given consistent with conservative banking.

### THE PEOPLE AND THE CURRENCY.

In dealing with the complicated and difficult question of the reform of our banking and currency laws it is plain that we ought to consult very many persons besides the bankers, not because we distrust the bankers, but because they do not necessarily comprehend the business of the country, notwithstanding they are indispensable servants of it and may do a vast deal to make it hard or easy. No mere bankers' plan will meet the requirements, no matter how honestly conceived. It should be a merchants and farmers' plan as well, elastic in the hands of those who use it as an indispensable part of their daily business. From Woodrow Wilson's Speech Accepting the Democratic Nomination.

### Blue Grass Farm at Private Sale

## Sensible Women Know Foundation of Health

As health talks to women become more general, both in the newspapers and on the platform, the mass of women are beginning to realize what the more cultivated have always known, that good health cannot be found in a powder box. The external of health may be obtained in that way, but the basis of health lies deeper, and yet is just as easily obtained.

The most important thing that a woman can do for herself, and about which she is often most neglectful, is to watch the condition of her stomach and bowels. The weary eyes, the bad breath, the frequent headaches, the pimples, the general air of lassitude is nine times out of ten the result of constipation or indigestion, or both. Many simple remedies can be obtained, but the best in the estimation of most women is Dr. Caldwell's Syrup Pepsin. It is mild, pleasant to the taste and exactly suited to her needs. It is far superior to salts, cathartic pills, waters, etc., which are entirely too violent.

Women should see to it that they have at least one movement of the bowels each day, and when showing any tendency to constipation should take Dr. Caldwell's Syrup Pepsin in the small dose prescribed. A brief use of it will so train the stomach and bowel muscles that all forms of medicine can be dispensed with. These opinions are voiced by thousands of women, after personal experience, among them Miss V. L. Moore, 22 Claiborne St., Nashville, Tenn., and Florence Cook, Lucas, Ky.

Anyone wishing to make a trial of this remedy before buying it in the regular way of a druggist at fifty cents or one dollar a large bottle (family size) can have a sample bottle sent to the home free of charge by simply addressing Dr. W. H. Caldwell, 405 Washington St., Monticello, Ill. Your name and address on a postal card will do.
